

APPLICATION FOR IMPBA WORLD RECORD

GAS

INSTRUCTIONS

(Application Rev. Sep. 2021) (LSG Stock Motor Inspection sheet Rev. Sep. 2019)

Please type or print legibly. It is recommended that this application be filled out in duplicate or copied should the original be lost by postal or courier services. It is the responsibility of both the sponsoring club officials and the contestant applying for a record to ensure this application is completely filled out prior to sending to the IMPBA Records Director. Failure to do so will automatically void this application. Review the application upon completion and fill out the following check-off list.

SPONSORING CLUB:

All lines have been completed on Page 2.

CONTESTANT:

All lines have been completed on Page 2 (additional comments optional).
Application has been signed by contestant.

TIMES WITNESSED:

There must be 2 different people to verify the time. Each timer or witness must record
The time he/she reads, plus sign & print their name and IMPBA # on page 3.

POWER SPECIFICATIONS:

There must be 2 different people inspect the engine(s) for technical standards.
Complete the Stock Motor Inspection Checklist where applicable.
Each inspector must sign & print their name and IMPBA # on Page 3.

HULL SPECIFICATIONS:

There must be 2 different people inspect the hull for technical standards. Complete top
section on page, and any other applicable sections. Each inspector must sign & print their
name and IMPBA #. If any items "fail", indicate reason in pass/fail comments on page 5.

FOR OFFICIAL USE ONLY

Date Postmarked: _____

New Record? YES NO

If NO, give reason: _____

Date Record Certificate issued: _____

Class: _____ Event: _____ Time: _____ Speed: _____

Contestant: _____ Date of Record: _____

DB READINGS

Record reading for EACH lap of an oval & EACH pass for SAW _____ dB _____ dB

TIMERS OR WITNESS (sign and print name)

IMPBA #

1. _____

2. _____

POWER SPECIFICATIONS

The boat shall be impounded by the Contest Director immediately after a record is set. The following shall be checked by two (2) inspectors.

If Stock Engine, check box . Complete Stock Motor Inspection Checklist.

If SLS Sport engine, check box . See SLS Mono class rules for inspection details.

Record two readings & determine average

1. BORE: _____ . _____ in.

2. BORE: _____ . _____ in.

1. STROKE: _____ . _____ in.

2. STROKE: _____ . _____ in.

BORE AVERAGE: _____ . _____ in.
Average to thousandths (drop the fourth digit)

STROKE AVERAGE: _____ . _____ in.
Average to thousandths (drop the fourth digit)

DISPLACEMENT: _____ . _____ cu.in.
Displacement = 3.14159 x (Bore Avg/2)² x Stroke Avg.
Average to thousandths (drop the fourth digit)

CID divided by .061 = CC _____ . _____ cc

NOTE For TLSG records: Measure bore and stroke of each cylinder as above.

Second set of readings on back of sheet.

Displacement is total of both cylinders.

POWER INSPECTORS (sign and print name)

IMPBA #

HULL SPECIFICATIONS

- Mono Catamaran Outrigger Sport Hydro Crackerbox
 Classic Thunderboat Jersey Skiff Gas Unlimited Scale Tunnel

Hull Length: _____ inches (conforms to rules for class min./max.) Pass Fail
 Hull Weight is 30# or less (with gas race ready)..... Pass Fail

Answer the following where applicable - indicate pass or fail. If fail, note reason in comments _____

A) MONO & CATAMARAN

1. Meets all criteria for hull type per Sec. K -Tech Standards Pass Fail

B) OUTRIGGER

1. Sponsons attach to hull via boom tubes, or brackets, and hull is a 3- or 4-point hydro hull Pass Fail

C) SPORT HYDRO

1. Hull is a 3-point suspension or canard (No outrigger, or tunnel) Pass Fail
2. Boat has name, logo and/or racing number, and driver and/or simulated enclosed cockpit Pass Fail
3. Engine meets LSG 27 or LSG 36 general engine specifications Pass Fail
4. Hull meets all the dimensional requirements for Sport Hydro (IMPBA Rule Book Sec. I (V) (B), also see Figure 1.) Pass Fail

D) CRACKERBOX

1. Deck or hatch resembles the deck of a full-scale racing Crackerbox Pass Fail
2. Boat has "P" number, and two scale-like appearance drivers Pass Fail
3. Engine is Zenoah G260 PUM & passed LSG Stock Motor Inspection Pass Fail
4. Hull meets all dimensional & drive train requirements for Crackerbox (IMPBA Rule Book Sec. I (V) (E)) Pass Fail

E) CLASSIC THUNDERBOAT

1. Exhaust meets requirements and exits from rear, side or bottom Pass Fail
2. Sponsor name and/or logo, and 50s - 70s era driver (no cartoon/animal) Pass Fail
3. Engine is Zenoah G260 PUM & passed LSG Stock Motor Inspection Pass Fail
4. Hull meets all dimensional requirements for Classic Thunderboat (IMPBA Rule Book Sec. I (V) (G), also see Figure 2) Pass Fail

F) JERSEY SKIFF

1. Meets all requirements for Jersey Skiff (IMPBA Rule Book Sec. I (V) (H)) Pass Fail

G) GAS SCALE UNLIMITED (1/6 Scale)

1. Boat meets all requirements for Gas Scale Unlimited, is registered with Scale Director, and registered owner is driver. (IMPBA Rule Book Sec. I (VI)) Pass Fail

H) LSG OUTBOARD TUNNEL

1. Boat meets all requirements of the rule book for LSG Outboard Tunnel (IMPBA Rule Book Sec. I (V) I) Pass Fail

PASS/FAIL COMMENTS

ADDITIONAL INSTRUCTIONS

Super Sport Mono, Crackerbox, and Classic Thunderboat must complete the **LSG Stock Motor Inspection** checklist attached to this document.

This form must be completed and mailed to the IMPBA Records Director within 2 days of the conclusion of the event. (Be sure to use proper postage)

**RON DRAKE - RECORDS
PO BOX 3544
PLANT CITY FL 33563**

LSG Stock Motor Inspection

Per Rule Book Sec. I - Large Scale Gas, V- Specialty Classes, F- Super Sport Class, paragraph 4.

Paragraph I(V)(F)(3) summary:

Engines will be Zenoah G260 PUM only. The engine may run a stock unmodified 257, 1027, or 644 with choke carburetor. No internal modifications allowed. Replacement parts must be from the original manufacturer and same type engine. No part swapping from other manufacturers permitted. The engine coil may be moved to another location on the engine or hull. Recoil pull start must be primary method of starting.

Stock Motor Inspection to include all parts of motor:
